

NATIONAL KEY SCHEME (NKS) RADAR KEY and/or PHOTO ID CARD

This key is especially useful for ostomates as it will open almost 9,000 locked public accessible toilets around the UK. If you need changing facilities, possessing a key will give you access to running water, disposal bins and more importantly privacy, wherever the RADAR logo is displayed.

Colostomy UK also offer an optional photo ID card for those who would like to support their use of the key. The wording on the card states: "The cardholder has a medical condition and needs urgent access to disabled facilities". This photo ID card has been endorsed by Disability Rights UK and will bear only their logo.

To obtain a key and/or a photo ID card please complete the declaration form below and return it to Colostomy UK, Enterprise House, 95 London Street, Reading, Berkshire RG1 4QA. Telephone: 0118 939 1537

Please note some local Councils provide the RADAR key free or for a small charge.

Regional lists of the UK wide National Key Scheme accessible toilets can be bought from:

Disability Rights UK
Ground Floor
CAN Mezzanine
London N1 6AH
