

Solidifying Agents

We have included the organisations below to help you find products that may be useful. This is not an exhaustive list. Colostomy UK does not endorse or recommend any specific products or suppliers and has not tested items listed. We encourage you to do your own research and speak to your stoma care nurse where appropriate.

Please note that the availability of complementary products may vary depending on local NHS formularies, so you may be offered an alternative product in your area.
